Tadipatri, AP

SUMMARY

Motivated Computer Science undergraduate with a solid foundation in web development, Python, and object-oriented programming. Skilled in building full-stack projects using Flask and JavaScript. Passionate about enterprise solutions and eager to contribute to innovative digital transformation projects.

EDUCATION

Saveetha School of Engineering

Bachelor of Technology (B.Tech) in Computer Science Engineering

Expected Graduation: 2026 | CGPA: 8.53/10

SKILLS

Languages:

- Proficient: Python
- Familiar: C, C++, Java

Web Technologies:

- HTML, CSS
- Flask
- React Js

Databases & Tools:

- SQL(basic queries: SELECT, JOIN, WHERE, etc.)
- SQLite
- Postman

Computer Science Fundamentals:

- Object-Oriented Programming(OOP)
- Data Structures & Algorithms

CERTIFICATIONS

- Flask Web Development - Course Completion Certificate
- Web Development Internship - Prodigy InfoTech (1-month remote internship)

PROFESSIONAL EXPERIENCE

Web Development Intern

Prodigy Infotech | Online Internship | 2024

- Completed a one-month internship focused on web development
- Worked on designing and developing interactive web applications
- Gained hands-on experience with front-end and back-end technologies

PROJECTS

Self-Driven Projects

GoBus - Online Bus Ticket Reservation Website

Tech Stack: Flask, HTML, CSS, JavaScript, SQLite

Developed a full-stack web application for booking bus tickets with user and admin interfaces.

Inventory Management System

Tech Stack: Flask, HTML, CSS, SQLite

Built a system to add, update, and track product inventory with a clean dashboard interface.

Integrated database operations using SQLAlchemy ORM for efficient data handling.

DiceyDecisions - Gamified Group Decision-Making Platform

Tech Stack: Flask, JavaScript, HTML, CSS, WebSockets

Designed a fun, anonymous decision-making app where users join rooms and vote on group choices.

SOFT SKILLS

- Strong communication and presentation skills
- Quick learner with adaptability to new technologies
- Problem-solving and logical thinking
- Team collaboration and leadership potential
- Time management and task prioritization
